

# CLEANERS FOR PRESSURE POT PAINT SYSTEMS

## PRESSURE POT SYSTEMS

Two examples are provided below.

2 L PRESSURE POT AND  
SPRAY GUN

2 1/4 GAL PRESSURE POT  
AND SPRAY GUN

PAINTING AN AIRPLANE USING  
PRESSURE POT SYSTEM

## PRESSURE POT SYSTEM CLEANERS

- Uni-ram cleaners efficiently clean the pressure pot, hose and spray gun.
- Solvent usage is greatly reduced. The wasteful practice of spraying solvent into a booth filter to clean the lines and pot is eliminated.
- When a Uni-ram cleaner is connected to a Uni-ram solvent recycler, used solvent can also be recycled and re-used to further reduce new solvent purchases and disposal costs.

## PRESSURE POT SYSTEM CLEANERS

UPP6500E

UPP7500E

Operating costs decrease because paint equipment can be cleaned faster and solvent can be reused.

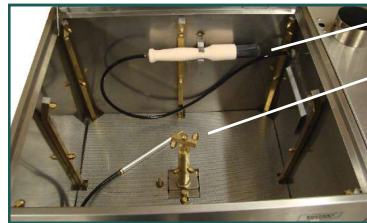

# CLEANERS FOR PRESSURE POT PAINT SYSTEMS

## FEATURES

- Wash cycle on UPP7500 and UPP6500 consists of wash, air rinse and clean rinse. Air rinse removes residual solvent to prevent solvent from thinning the next batch of paint.
- Solvent from rotating jets clean the inside of pot. Fixed jets clean the outside of the pot and the spray gun.
- The male ports on the fluid hose connect to two 1/4" NPT female ports on the frame of the cleaner.
- Manual Flow-through Wash Brush on UPP6500D and UPP7500D.
- Pump stops automatically when lid is raised for operator safety.
- 20 Gage Polished Stainless Steel Tank.
- Reliable Diaphragm Pump, (3 cfm).
- One year warranty.

## MODEL COMPARISON

MODEL	CLEANS ONE GUN ONE POT	AIR RINSE	CLEAN RINSE	BRUSH	MAXIMUM POT SIZE	DIMENSIONS OF UNIT WDH	WEIGHT LB / KG
UPP7500D	YES	YES	YES	YES	10-11" H, 11" DIA	33 X 20 X 60"	185 / 84
UPP6500D	YES	YES	YES	YES	10-13.5" H, 13" DIA	30 X 28 X 45"	120 / 54

## ADDITIONAL FEATURES

- **CLEANS 2 POTS and 2 guns.** (if and only if the pots are not larger than 2 L) To specify add request to the Purchase Order. Unit comes complete with 2 nozzles for the guns and 2 rotating jets for the pots.
- **Combo Ready:** includes pail set to allow unit to be connected to a solvent recycler used to reclaim solvent for reuse, replace D in the model number with E; ie UPP7500E and UPP6500E.
- UPP6500D is available with a tank that is 3" taller if required.

**NOTE:** When ordering, specify height and diameter of pot (both inside and out) to ensure optimum cleaning and compatibility with rotating jets.
